**2022 FALL LAB**
**atd|FORUM**
**LEARNING IN A DIGITAL WORLD**
THE FUTURE IS HERE
Bentonville, AR | October 18-20, 2022
**Hosted by Walmart**

Hi there,

Exciting news: The ATD Forum Fall Lab event, Learning in a Digital World: The Future Is Here, has opened a few spots for interested *nonmembers*. While Forum labs are generally reserved for members, we have a small handful of seats available for those who would like to get a better idea of the value of labs as part of a Forum membership and who specifically want to dive into the topic of learning in a digital world.

As a reminder, the Fall Lab will be hosted at Walmart's home office in Bentonville, Arkansas, October 18–20, 2022. Individual registration costs $1,495.

ATD Forum Labs are for senior talent members who demonstrate innovative practices in their respective learning functions. If you are interested in registering, please fill out this form to talk with an account executive who can help process your registration.

**Register for Lab**

Why should YOU attend this exclusive event?

- Gain a deeper understanding of how technologies can build organizational capabilities through demonstrations, discussions, and Q&As with practitioners.

- Benchmark a Forum member company to appreciate how their history and culture enable a future-ready focus today.

- Become better informed about emerging technologies to make smart recommendations and decisions.

- Build a professional network through interactive and collaborative activities with other senior learning leaders.
